NOTICE.

PUBLIC attention is drawn to the fact
that at the present time many brands
of Condensed Milk are being offered for
sale bearing labels so nearly representing
that of the original "EAGLE" Brand Milk
manufactured solely by BORDEN'S CON-
DENSED MILK CO. of New York, as
are calculated to deceive the purchasers
of the real article. As an additional pro-
tection all purchasers of BORDEN'S "EAGLE"
Brand are requested to note that every Tin
of same bears the Signature of GAIL BORDEN
the original manufacturer on the label.
BORDEN'S "Eagle" Brand Milk has the
unrivalled reputation of being the Milk par
excellence and without a rival in point of
view of quality and purity.
Owing to Borden's special and exclusive
process of manufacture both their "EAGLE"
and "GOLD SEAL" Brands are specially
recommended for use in tropical climates
they being guaranteed to keep better
than any other Condensed Milk offered
to the public.

Look closely
into this
question of
Light.

There is no light
so good or so cheap
as the British-made

WELSBACH

Welsbach Light is the combination of the wonderful Welsbach Kern Gas Burner with Mantles of British manufacture. Only in this way do you obtain the light that is the lightest, softest and cheapest. There is no other burner, except the Welsbach Kern No. 3, which will give you a 75 candle power light with a gas consumption of only 3 ft. per hour.

Every genuine British-made Welsbach burner and mantle bears the Registered Trade Mark "AUR."

Welsbach Light has been adapted to every conceivable purpose from tiny candle-lights to the Storm-proof Self-Intensifying Lamps of 600 candle Power. It is self-contained, no special mains or clumsy apparatus required.

All who desire more light at less cost should therefore write for particulars and Catalogues of Welsbach Light to the Sole Agents in China of the Welsbach Incandescent Gas Light Co., Ltd., London.

HONGKONG, MONDAY, JUNE 22, 1908.

CHASING THE RAINBOW.
It would be, of course, a figure of speech,
but not altogether an untrue one, to say
that all countries of the earth are at
present chasing the rainbow of political
perfection. This quaint little world of
ours, a speck in the solar system, pre-
sents the spectacle of millions of men
trying to find some political El Dorado.
Representative institutions of sorts are
in vogue in many lands, but apparently
none of them give complete satisfaction.
At Home the House of Commons har-
bours venomous intentions towards the
House of Lords—which, to do it justice,
nevertheless bears up remarkably well.
In democratic America, if America is
really more democratic than Great Brit-
tain at the present time, there is con-
stant friction between the two Houses
which form Congress, and, during the
Roosevelt regime, one or both generally
has had some disagreement with the
President pending. Apart from this the
Federal and State authorities are
eternally at loggerheads. In France
Republican and Monarchical periods
follow each other regularly. It is to-
wards the Antipodean Colonies that the
eyes of most are turned to watch the

development of what is socialism in all
but name. Up to the present time the
political experiments which have been
tried in Australia and New Zealand have
not given the results which were looked
for. Arbitration Bills have been passed
which were to have entirely done away
with strikes and to have induced har-
monious relations between employer and
employee. They have failed diametrically.
The condition that has been brought
about is one of armed truce, which, as
everyone knows, is worse than open
war. Moreover the truce has not been
kept. Under stress of strong feeling
men still go out on strike in the Anti-
podes with almost as much alacrity as
they did before Arbitration Acts came into
existence. State control of railways, and
other services which, in most other lands,
are left in the hands of private enter-
prise does not seem to have increased
the sum of happiness of the states in
which the system has been adopted. Turn-
ing then to the South American
Republics we find that they are per-
petually in turmoil—each state either
fighting within itself or waging war
against, or resisting aggression from, a
neighbour. The Crown Colony system
of Government renders leave, no doubt,
formed their own opinions upon. Look
where we will we find that under every
system of Government dissatisfaction
exists. However, there is no ground
for despondency. There is an eternal
law that progress is gradual. As the
individual finds in maturer years that
he has to correct many of the habits he
has contracted, so is it with the nation.
It has to wean itself from political
habits formed in the days of youthful
folly. Some nations, like some individ-
uals, take longer to wake up to the
necessity of doing this and others never
learn. But the general tendency pre-
vails, and we may rest content in the
belief that, gradually though it may be,
the world is steadily getting better.

LOCAL AND GENERAL.
The dredger "St. Enoch," now in use
by Messrs. Rinehart Lowther on the new
Naval Dock Works has been bought by
the Government.
Several of the Korean Provincial Gov-
ernors have been dismissed from their
offices on the ground that they have
encouraged Anti-Japanese feeling.
It is reported from Sasebo that a
Japanese bluejacket died of bubonic plague
at the naval barracks there on the 10th.
The barracks have been disinfected and
isolated.
George Murray, an Engineer, had to
pay a fine and compensation of \$17 at the
Magistrate's Court, for being drunk in the
Civil Service Club, and breaking some
flower pots and assaulting an Indian
constable.
It is reported that upon arrival yester-
day the steamer Siberia was ordered into
quarantine owing to a suspicious case of
illness having developed during the voyage
to this port.
A Chienmu paper learns from Tai-
chung that a plan is mooted there for the
installation of telephones and that the head
of the local Post Office will shortly apply
to the Communications Bureau subject to
the approval of the Japanese Colony.
Shortly after nine o'clock this morning
a Chinese tailor was picked up opposite
No. 206 Des Voeux Road, in an unconscious
state, and was taken to the Government
Civil Hospital, he having presumably fallen
from one of the verandahs of the house.
At about 3 o'clock on June 8, a
thunderbolt fell on a house in Uchikurumi,
Mito district, in Kobe Prefecture, two men
and a woman being injured. One of the
men was not much hurt, but it is feared
that the other man and the woman will
suffer from their injuries.
A Korean paper says that there seems
to be an epidemic of suicide by smoking
the opium. In Kwan-Chung-tung within three
days, two natives committed suicide by that
means, and near Chongtong another man
tried to commit suicide by opium smoking
but was unsuccessful in his attempt.
A London cable to the "Nicht Nicht"
quotes the "Daily Mail" as stating that
Sir Walter Hillier's appointment is due to
the growing financial relations of China
with England and the growing tension
between Peking and Tokyo. China is re-
presented as being increasingly suspicious
of Japanese intentions.

LOCAL AND GENERAL.
The members of the new Infantry
Company of Volunteers are to meet their
Captain on Friday evening.
The Board of Finance is considering
the raising of the tax on tea and an in-
vestigation thereof is now being effected.
The Board of Civil Administration is
reported to be considering the prohibition
of the sale of utensils for smoking opium.
A Japanese was recently killed in
Shiba Park, Tokyo, while playing diablo
in consequence of the toy striking him
on the forehead.
At the Seamen's Institute, Kowloon,
to-night, a variety entertainment, under
the presidency of the Rev W. H. Maundrell,
R.N., is to be given.

Chung Chih-tung has proposed to
establish colleges for professional education
of eight different branches in the Peking
University commencing from the next
year.

In connection with the mutiny of the
3rd Banner troops at Wuhu, a certain
officer, Tang Tai-sheng, of that corps was
deportated according to military laws at
noon of the 16th June.

It appears from a San Francisco mes-
sage of June 13 to the "Hochi" that there
has been another manifestation of anti-
Japanese feeling in California. The tele-
gram states that an attack has been made
on a Japanese laundry at San Francisco.

The Tokyo "Asahi" of June 11 pub-
lished the following remarkable statement:—
In view of the excess of imports over ex-
ports, since last year, the Government is
said to have privately instructed the various
Departments to avoid as far as possible the
purchase of foreign goods.

It is reported from Tokyo that Vice-
Admiral Saito, the Naval Minister, left
Sasebo for Mako on June 10 for the
purpose of examining the condition of the
sunken cruiser Matsushima. The question
whether an attempt shall be made to
refloat the warship will be settled after
his investigation.

The "Asahi" and "Mainichi" state
that the Japanese War and Naval Depart-
ments are about to establish a United
Services Club for the purpose of promoting
intimate relations between the personnel
of the Army and Navy. As an expression
of His Majesty's high approval of the
scheme, the Emperor has donated the
sum of ¥300,000 toward the establishment
of the Club.

**CHAMBERLAIN'S COLIC, HOLOERA
AND DIARRHOEA REMEDY.**
THIS remedy has been in use for over
thirty years and has proved itself to
be the most successful remedy yet discover-
ed for bowel complaints. It never fails.
Sold by all chemists and storekeepers.

**INSPECTOR WARNOCK
RETIRES.**
To-day Inspector W. G. Warnock, one
of the most efficient members of the police
force, officially severed his connection with
that body after a splendid service of twenty
two years. The good wishes of his
numerous friends will be with him in
his well earned retirement on pension.
Inspector Warnock leaves by the English
Mail Arcadia on the 26th of this month.

SPRAINS QUICKLY CURED.
BATHER the parts freely with Chamber-
lain's Pain Balm and give them
absolute rest, and quick cure is certain.
For sale by all chemists and storekeepers.

LOCAL AND GENERAL.
The dredger "St. Enoch," now in use
by Messrs. Rinehart Lowther on the new
Naval Dock Works has been bought by
the Government.

Several of the Korean Provincial Gov-
ernors have been dismissed from their
offices on the ground that they have
encouraged Anti-Japanese feeling.

It is reported from Sasebo that a
Japanese bluejacket died of bubonic plague
at the naval barracks there on the 10th.
The barracks have been disinfected and
isolated.

George Murray, an Engineer, had to
pay a fine and compensation of \$17 at the
Magistrate's Court, for being drunk in the
Civil Service Club, and breaking some
flower pots and assaulting an Indian
constable.

It is reported that upon arrival yester-
day the steamer Siberia was ordered into
quarantine owing to a suspicious case of
illness having developed during the voyage
to this port.

A Chienmu paper learns from Tai-
chung that a plan is mooted there for the
installation of telephones and that the head
of the local Post Office will shortly apply
to the Communications Bureau subject to
the approval of the Japanese Colony.

Shortly after nine o'clock this morning
a Chinese tailor was picked up opposite
No. 206 Des Voeux Road, in an unconscious
state, and was taken to the Government
Civil Hospital, he having presumably fallen
from one of the verandahs of the house.

At about 3 o'clock on June 8, a
thunderbolt fell on a house in Uchikurumi,
Mito district, in Kobe Prefecture, two men
and a woman being injured. One of the
men was not much hurt, but it is feared
that the other man and the woman will
suffer from their injuries.

A Korean paper says that there seems
to be an epidemic of suicide by smoking
the opium. In Kwan-Chung-tung within three
days, two natives committed suicide by that
means, and near Chongtong another man
tried to commit suicide by opium smoking
but was unsuccessful in his attempt.

A London cable to the "Nicht Nicht"
quotes the "Daily Mail" as stating that
Sir Walter Hillier's appointment is due to
the growing financial relations of China
with England and the growing tension
between Peking and Tokyo. China is re-
presented as being increasingly suspicious
of Japanese intentions.

LOCAL AND GENERAL.
The members of the new Infantry
Company of Volunteers are to meet their
Captain on Friday evening.

The Board of Finance is considering
the raising of the tax on tea and an in-
vestigation thereof is now being effected.

The Board of Civil Administration is
reported to be considering the prohibition
of the sale of utensils for smoking opium.
A Japanese was recently killed in
Shiba Park, Tokyo, while playing diablo
in consequence of the toy striking him
on the forehead.

At the Seamen's Institute, Kowloon,
to-night, a variety entertainment, under
the presidency of the Rev W. H. Maundrell,
R.N., is to be given.

Chung Chih-tung has proposed to
establish colleges for professional education
of eight different branches in the Peking
University commencing from the next
year.

In connection with the mutiny of the
3rd Banner troops at Wuhu, a certain
officer, Tang Tai-sheng, of that corps was
deportated according to military laws at
noon of the 16th June.

It appears from a San Francisco mes-
sage of June 13 to the "Hochi" that there
has been another manifestation of anti-
Japanese feeling in California. The tele-
gram states that an attack has been made
on a Japanese laundry at San Francisco.

The Tokyo "Asahi" of June 11 pub-
lished the following remarkable statement:—
In view of the excess of imports over ex-
ports, since last year, the Government is
said to have privately instructed the various
Departments to avoid as far as possible the
purchase of foreign goods.

It is reported from Tokyo that Vice-
Admiral Saito, the Naval Minister, left
Sasebo for Mako on June 10 for the
purpose of examining the condition of the
sunken cruiser Matsushima. The question
whether an attempt shall be made to
refloat the warship will be settled after
his investigation.

The "Asahi" and "Mainichi" state
that the Japanese War and Naval Depart-
ments are about to establish a United
Services Club for the purpose of promoting
intimate relations between the personnel
of the Army and Navy. As an expression
of His Majesty's high approval of the
scheme, the Emperor has donated the
sum of ¥300,000 toward the establishment
of the Club.

**CHINA AND HER
PEOPLE.**

The unwisdom of the Chinese Govern-
ment in taking over at the present time
the system of telegraphs which now covers
the provinces with a network of com-
munication is a leading topic of discussion
and criticism in Chinese society. It is pro-
bable that if the Imperial authorities had
not, in a way thoroughly characteristic of
the Peking Administration, sought to ren-
der reasons, public opinion would still have
been strongly adverse to what is generally
looked upon as an illustration of the policy
of confiscation. In any event reasons for
giving up profitable investments at what,
to most of those concerned, must needs
appear, the arbitrary dictum of the ruling
authorities, are not likely to appeal as
cogent or convincing to people who stand
to lose by the transaction.

The Chinese Government is about to
follow what we believe is the usual
Western practice in matters of forced
sale. It purposes to compensate share-
holders by repaying the full value of their
shares with an additional seven per cent.
No one can deny that such a method of
transfer is significant of a vast change in
the relations of the ruling power and the
governed people. The bad old days
when Oriental Governments, not ex-
cepting that which held sway in China,
took what they wanted on their own
terms, without much regard to sources or
origins, or claims of any kind, are passed.
Public opinion in China has become too
powerful for the old methods of oppression
on the widest scale, where all sorts and
conditions of the population would suffer.
Furthermore the dissemination of public
opinion through an enlightened press
becomes every day a more potent factor in
determining policy. Most persons will, we
think, agree that the forced transfer of
Telegraphs to the Chinese Government is
high-handed. There is a strong tendency
to attribute the desire to possess them to
the fact that they have proved remunera-
tive and it is freely stated that the
Government cannot leave possible sources
of revenue unexploited. This is the
aspect of the situation that will militate
strongly against railway, mining and
other investments for which there is at
the present time pressing necessity in
order to assist in the development of the
country. Public confidence is weakened,
the intelligent sympathy of the most ad-
vanced men is alienated, and the few
uttered or unexpressed is wide-spread that
the Government will hereafter when min-
ing and railway schemes are seen to be
profitable enter upon possession without
proper regard to the rights of original
shareholders.

At the present juncture when a
good understanding is of the first
importance to the state it is deplorable
that the minds of the people should be
further alienated by an unwise interference
which is looked upon by many as little
better than uncalculated despotism.

RECOVERY OF MONEY LENT.
An action for the recovery of \$10,000,
being money lent by the plaintiff, Chen
Ho Shi alias Chey Sap Sze Tai to the
defendants, Wa Wing Hong bank and Chan
Tin Po a partner therein, came before the
Chief Justice, Sir Francis Pigott, at the
Supreme Court to-day.

Mr M. Slade, instructed by Mr F. B.
Deacon, of Messrs Deacon, Looker and
Deacon, appeared for the plaintiff and the
defendant was unrepresented.

Mr Slade said that he had just received
a letter from Messrs Hastings and Has-
tings, the solicitors for the defendant stating
that the defendant was not coming to
Hongkong for the trial and it could there-
fore serve no useful purpose their attend-
ing. Continuing, Mr Slade said the defen-
dant had not filed any defence. The action
was one for money lent.

Evidence was then called and His Lord-
ship gave judgment for the plaintiffs.

PUBLIC DISPENSARIES.
There is some uneasiness among the
Chinese in the Colony with regard to the
present management of the Public Dis-
pensaries, and it is reported that the
resignation of Mr Lau Chu Pak was the
result thereof. It is stated among the
Chinese that the intention of the estab-
lishment of the Public Dispensaries under
the management of street committees was
with a view to co-operate with the Chinese
in order to enforce sanitation in the
Colony and to stop the evil practice of
dumping the dead in public thoroughfares.
They were also intended to minimise to
the greatest possible extent trouble which
would otherwise have risen in the event
of the occurrence of a plague case, and
to render all necessary assistance. It
appears that for unaccountable reasons
the street committees are now required to
hold themselves responsible for dead
bodies dumped and are reproved for their
inability to give fuller information. If
our informants are correct, it is hardly
to the interests of the Colony that a
departure from the original intention
should have taken place. We have pointed
out on more than one occasion that to cope
with the plague recurrence nothing is
better than to co-operate with the Chinese.
What is being done by those responsible
is, it is reported, very much against the
feelings of the street committees and it
will not be surprising that they all resigned
to protest against the action of the Govern-
ment some day.

REAR-ADMIRAL STOKES.
We are pleased to be able to announce
the promotion of Commodore R. B. S.
Stokes to the rank of Rear-Admiral. The
news arrived in the Colony yesterday
morning and the promotion takes effect
from the 15th of this month. Commodore
Stokes has been in Hongkong as Com-
modore since April of last year but
previous to that he served on the China
station for three years and a half as Cap-
tain of the Eclipse. Admiral Stokes made
many friends for himself in China. He
has the genial, robust character that has
made the British navy what it is to-day,
and now that he has attained the rank that
must loom before all young officers in the
Navy there are many numbers who will be
cager to offer congratulations.

The promotion is deserved, for Rear-
Admiral Stokes has a splendid record.
Last year he became entitled to the Good
Service Pension after 38 years' service.
He joined the Navy as a cadet on April
11, 1869, and was promoted to Sub-
Lieutenant on July 20, 1875; Lieutenant
on December 1, 1879; Commander on
January 1, 1883, and Captain on January
1, 1890. His appointment as Commodore
came on March 5, 1907, and he came to
Hongkong to take up the duties of the
post in April of the same year. Rear-
Admiral Stokes' acquaintance with China
commenced in 1901 when he came out on
the Eclipse, and he remained here till
1904.

During that time he saw no active service
here, but he has seen phases of war in
other parts of the world. As Lieutenant
of the Euphrates he was concerned in the
Egyptian war in 1882 and gained the
Egyptian medal and the Khedive's bronze
star. While Commander of H. M. S.
Royal Arthur, flagship of Admiral H. F.
Stephenson, C.B., Commander-in-Chief
of the Pacific Station, 1893-4, and pre-
vious to the occupation of Corinto,
Nicaragua, by the British Naval forces in
April, 1895, he was deputed to proceed
to Managua, the capital of Nicaragua,
and deliver to the Government of that
Republic despatches from the Right Hon-
ourable Earl of Kimberley, Secretary of State
for Foreign Affairs, and Rear Admiral
Stevenson. For these services he received
the approval of the Admiralty.

No doubt Rear-Admiral Stokes, in
accordance with the usual practice, will
remain here for another month or two and
will then proceed to England. It is not
known yet who has been appointed as
Commodore to succeed Rear-Admiral
Stokes.

FRANCE AND CHINA.

Native papers report on the negotiations
now proceeding in Peking, between France
and China, arising out of the shooting
disaster on the Yunnan-Annam boundary
that there is a disposition on the part of
China to meet, with two important excep-
tions, all the demands of the aggrieved
nation. If intelligence from Chinese
sources is to be credited these include,
in addition to the most exemplary punish-
ment of two military officials who are held
to be directly responsible; mining conces-
sions in Yunnan, and railway construction
in the same province. It is expected that
these concessions will be granted without
much demur. That the degradation of
the Viceroy is still insisted upon does
not, if the statements on the point
are true, strike the average Western mind
at all favourably. To insist, as far
as insistence is possible, on Western
methods where these are available in
negotiation is, we think, desirable and
laudable. To do this, whilst at the same
time upholding, in the eyes of ex-
patriates, the old time devices of the
Chinese Government by which respon-
sibility under quite impossible conditions,
is devolved on men who could not on any
fair showing be held to have incurred it
seems, to say the least, highly inconsistent.
This is one of the features of Government
in China which added enlightenment will
tend to abolish. It is not for Western
nations to appeal to those ideas of right
and justice which in the Oriental mind are
ideas only and the working out of which
confounds the most elementary notions of
right and wrong, of justice and injustice.

The charges against the Viceroy of
Yunnan in this matter appear to be
those of giving misleading information to
the Imperial Government, he having
first declared that the rebels and
not Chinese regular soldiery fired upon
the French and afterwards, when further
pressed from the seat of Government to
make a thorough and clear investigation
and report on all the facts, he is said to
have provoked and withheld important
particulars. If these allegations be true
this high official merits punishment and the
French Ambassador will have public opinion
on his side in the endeavour to secure that
the present Viceroy be dealt with accord-
ing to his deserts leaving however, out of
the question, shadowy and unsubstantial
responsibilities attaching to the mere fact
of holding office in the province where the
events complained of took place.

REAR-ADMIRAL STOKES.
We are pleased to be able to announce
the promotion of Commodore R. B. S.
Stokes to the rank of Rear-Admiral. The
news arrived in the Colony yesterday
morning and the promotion takes effect
from the 15th of this month. Commodore
Stokes has been in Hongkong as Com-
modore since April of last year but
previous to that he served on the China
station for three years and a half as Cap-
tain of the Eclipse. Admiral Stokes made
many friends for himself in China. He
has the genial, robust character that has
made the British navy what it is to-day,
and now that he has attained the rank that
must loom before all young officers in the
Navy there are many numbers who will be
cager to offer congratulations.

The promotion is deserved, for Rear-
Admiral Stokes has a splendid record.
Last year he became entitled to the Good
Service Pension after 38 years' service.
He joined the Navy as a cadet on April
11, 1869, and was promoted to Sub-
Lieutenant on July 20, 1875; Lieutenant
on December 1, 1879; Commander on
January 1, 1883, and Captain on January
1, 1890. His appointment as Commodore
came on March 5, 1907, and he came to
Hongkong to take up the duties of the
post in April of the same year. Rear-
Admiral Stokes' acquaintance with China
commenced in 1901 when he came out on
the Eclipse, and he remained here till
1904.

During that time he saw no active service
here, but he has seen phases of war in
other parts of the world. As Lieutenant
of the Euphrates he was concerned in the
Egyptian war in 1882 and gained the
Egyptian medal and the Khedive's bronze

Republic despatches from the Right Hon-
ourable Earl of Kimberley, Secretary of State
for Foreign Affairs, and Rear Admiral
Stevenson. For these services he received
the approval of the Admiralty.

No doubt Rear-Admiral Stokes, in
accordance with the usual practice, will
remain here for another month or two and
will then proceed to England. It is not
known yet who has been appointed as
Commodore to succeed Rear-Admiral
Stokes.

BE ON THE SAFE SIDE.
YOUR physician may be busy or out of
town just at the time some member
of your family has an attack of colic or
diarrhoea. Such cases frequently prove
fatal before a doctor can be summoned or
medicine procured. No physician can pre-
scribe a better medicine than Chamberlain's
Colic, Cholera and Diarrhoea Remedy. It
has been in use for more than a third of
a century and has never been known to fail.
For sale by all chemists and storekeepers.

AMERICAN POLITICS.

THE VICE-PRESIDENCY.

(Exclusive Service, supplied by Reuters, via Bombay.)

LONDON, June 22.

The Republican Convention at Chicago has adopted Congressman Sherman, of New York, as candidate for the Vice-Presidency of the United States.

Mr Sherman was the nominee of the Taft party.

[REUTERS'S SERVICE.]

MR ROOSEVELT'S OPINIONS.

LONDON, June 19.

The Chicago Convention adopted Mr Taft by 702 votes out of 978, and his nomination for the Presidency was then made unanimous.

A roll-call of the States nominating other candidates was continuously interrupted until Ohio was reached, when Mr Taft's name was received with tremendous enthusiasm. Pennsylvania cast three votes for Mr Roosevelt though he was not nominated.

President Roosevelt, interviewed at Washington, said the country was to be congratulated on its choice. He had known Mr Taft intimately for years, and thought that no man was so well fitted to be President. Mr Taft had the same ideals and purposes as himself, and was absolutely fearless, disinterested and upright.

In consequence of his nomination for the presidency of the United States, Mr Taft has resigned his portfolio as Secretary for War, and is succeeded by Mr Luke Wright, member for Tennessee.

A LITTLE BREEZE.

The Moroccan Problem.

LONDON, June 19.

Advices from Paris report a heated debate in the French Chamber on Moroccan affairs, in the course of which M. Fichon, Minister of Foreign Affairs, indignantly repudiated the suggestion of M. Jaures that Germany was dictating France's action. The French Government, he said, was co-operating with the powers, and taking advantage of the growing pacification of the country to evacuate gradually. Abdul Aziz was still the legitimate Sultan, and it was impossible to recognize Muli Hafid whose programme was a holy war against the Europeans. The Chamber passed a vote of confidence in the Government by 348 to 126.

GERMANY'S ISOLATION.

Remarks by the Kaiser.

LONDON, June 19.

Considerable stir, and even anxiety, has been caused by the alleged remarks of the Kaiser at a review in the presence of foreign military attaches in the course of which he is reported to have said that Germany seems to be separated from the powers; that they are trying to exclude her, and bring her to bay; but that all might come for Germany was ever ready.

A semi-official article in the Nord-deutsche declares that His Majesty was mis-reported, but admits as a fact that in the course of remarks addressed to his own officers, he expressed the conviction that the army was true to the spirit of Frederick the Great, and that it would continue equal to all tasks, the subject under discussion being merely service and military matters and not political questions.

The journal adds that it is useless for Germany to shut her eyes to possible dangers, especially in view of the uncertainty as to whether the new grouping of the powers will render solutions of current questions less easy. It also complains bitterly of the constant misrepresentation of Germany as a disturbing factor in Turkey, Persia, Afghanistan, the Far East, and elsewhere.

HE WENT TO LIE DOWN.

"I was under the influence of drink and I went to lie down," was the excuse of a defendant, at the Marine Court, to-day, when he was charged with refusing to do his work on the s.s. Jupiter. However, the Hon. Commander, Basil Taylor, R.N., sentenced him to two week's hard labour.

AN AUSTRALIAN COMMERCIAL TRAVELLER'S STORY.

It is the commercial traveller who finds the many changes of climate and water trying. Mr Otho G. Chapman, who represents a large Brisbane concern, had been troubled for years with chronic diarrhoea. On one of his trips a fellow traveller recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this in what he says of it: "I procured a bottle and experienced great relief after taking a few doses. Before the bottle was finished I was cured and have not been troubled since." This remedy is for sale by all chemists and storekeepers.

PRESS AND PARLIAMENT.

THE ITALIAN DIFFICULTY.

(Exclusive Service, supplied by Reuters, via Bombay.)

LONDON, June 22.

A telegram from Rome, states in reference to the recent alteration between pressmen and a member of the Italian Chamber of Deputies which led to the press boycotting Parliament, that, as a result of an interview with the President of the Chamber, the pressmen have returned to their duties.

Deputy Santini, whose altercation with Deputy Parziani originated the whole trouble, has challenged the latter gentleman to a duel.

THE IMPERIAL CHINESE TELEGRAPHS.

SHANGHAI SHAREHOLDERS RESOLUTE.

(Chinese Mail's Service.)

SHANGHAI, June 21.

In view of the decision of the Throne to purchase the shares from the merchants in the Imperial Chinese Telegraph Administration a meeting of shareholders was held at the Yu Gardens here and the following resolutions were passed as an antagonistic step:

1.—The decision of the late Marquis Li Heng Chang that the Telegraph Company shall be a mercantile concern must be adhered to.

2.—The extension of the telegraph service shall be carried out by an increase in capital.

3.—It has been agreed that the rate for telegraphing be reduced by one-third.

4.—A committee be appointed to contradict the memorial sent to the Throne by the Board of Posts and Communications.

The above resolutions are to be telegraphed to the Board of Posts and Communications.

A Committee of five persons has been appointed to inform the Peking Government that their decision to buy up the shares is strongly objected to.

PEKING, June 21.

The Board of Posts and Communications understands that Shung Kungpo owns the largest number of shares in the Telegraphs and has decided to recall 1000 shares from him at the rate of Taels 170 per share, in order to put the decision of the Throne into effect.

THE AMERICAN FLEET.

RECEPTION ARRANGEMENTS IN AMOY.

(Chinese Mail's Service.)

PEKING, June 21.

Admiral Sab has been instructed to proceed to Amoy to make arrangements with Tachai Lai for the reception of the American fleet.

REPAIRING A STEAMER.

Wan Wong, trading as Ah Wong, sued Thomas Sahjervig, at the Supreme Court, this morning, for \$325.85 for work done and materials supplied.

Mr Otto Kong Sing appeared for the plaintiff, and Mr A. G. Jackson, of Messrs Johnson, Stokes and Master, defended. Mr Otto Kong Sing said the defendant had gone to the plaintiff, who was a contractor, with regard to some work which wanted doing to the s.s. Progress. Plaintiff went to the steamer and the captain pointed out certain work which plaintiff subsequently executed.

Evidence was then called.

His Lordship reserved his decision.

FESTIVAL OF CORPUS CHRISTI.

To commemorate the festival of Corpus Christi which fell on Thursday, a special two hours' service was held at the Roman Catholic Cathedral, early yesterday morning. His Lordship, Bishop Pozzoni officiated at the High Mass celebration, when Holy Communion was administered for the first time to a very large number of boys and girls. This was followed by a general communion in which close on a thousand people took part. The Bishop delivered a touching address to the boys and girls.

In the presence of a very large congregation, in the evening, a procession took place, accompanied by the Band of the Societa Philharmonica. The Rev. Father Poletti delivered an eloquent address after which a special Te Deum was sung by the full choir.

The church was tastefully decorated for the occasion and the service concluded with the Benediction of the Blessed Sacrament, by the Lord Bishop.

HOME CRICKET.

MIDDLESEX AND SUSSEX BEATEN.

(Exclusive Service, supplied by Reuters, via Bombay.)

LONDON, June 22.

Yorkshire beat Middlesex at Lord's by three wickets.

Northampton beat Derby at Northampton by an innings and 46 runs.

Leicestershire beat Sussex at Leicester by six wickets.

Surrey defeated Cambridge University by four wickets at the Oval.

Worcester beat Hampshire at Worcester by two wickets.

Lancashire beat Warwickshire at Birmingham by five wickets.

Kent beat Essex at Tonbridge by 124 runs.

The results of the matches given above have made a great difference in the table of points which is published below. Yorkshire, by defeating Middlesex, sent the Statisticians team down to sixth place, below the champions, while Leicestershire's surprising victory over Sussex has put C. B. Fry's eleven down to fourth place, leaving the Tykes as the only unbeaten County to date.

Surrey, who are now second, with a percentage of 77.77, the University match having no bearing upon the competition, and Kent is third. Leicester, Worcester and Northants have each moved up a trifle, but Hampshire has gone down three places. Yorkshire and Lancashire were the only two counties to win away from home, Kent, Leicestershire, Worcester and Northampton being successful on home grounds. Yorkshire are now playing Warwickshire and of the last three matches played between these two counties two have been drawn and Yorkshire won the third.

The following is the County Cricket Competition table up to date:—

County.	W.	L.	D.	Points.	Per Centage.
Yorkshire (2).....	8	0	3	8 + 100.00	
Surrey (4).....	8	1	4	7 + 77.77	
Kent (9).....	5	1	4	6 + 66.66	
Sussex (13).....	3	1	6	2 + 50.00	
Nottingham (1).....	3	1	2	2 + 50.00	
Middlesex (5).....	2	1	2	1 + 33.33	
Worcester (2).....	3	2	0	1 + 20.00	
Lancashire (6).....	4	4	1	0 + 0.00	
Leicestershire (11).....	3	4	2	1 + 14.28	
Northampton (15).....	3	4	3	1 + 14.28	
Hampshire (12).....	2	3	1	1 + 20.00	
Essex (7).....	1	3	3	2 + 50.00	
Somerset (14).....	1	6	1	5 + 71.42	
Warwick (6).....	1	7	1	6 + 85.71	
Gloucestershire (10).....	0	5	3	2 + 100.00	
Cambridge (10).....	0	4	2	4 + 100.00	

A BATCH OF CENTURIES.

Good batting was shown during the matches in the County Competition which commenced in England on May 18 and 21.

Against Somerset Sussex completed 445 by good all-round batting, no individual century being obtained. M. C. C. and Ground secured 402 for nine wickets against Worcester, and Nottingham scored 396 for seven wickets against Leicestershire. The best individual performances with the bat were:—

A. Marshall, for Surrey v. Worcester, 176.

H. K. Foster, for Worcester v. Surrey, 174.

J. T. Tyldesley, for Lancashire v. Northampton, 168.

L. Llewellyn, for M. C. C. v. Worcester, 154.

G. Gunn, for Nottingham v. Leicestershire, 144.

F. L. Bowley, for Worcester v. Surrey, 133.

F. C. Cox, for Leicestershire v. Nottingham, 119.

J. Hardstaff, for Nottingham v. Leicestershire, 104.

The best bowling performances were as follows:—

W. Brearley, Lancashire v. Nottingham, 7 for 48.

E. H. Killick, Sussex v. Somerset, 7 for 42.

T. Wass, Nottingham v. Leicestershire, 6 for 68.

Thompson, M. C. C. v. Worcester, 6 for 67.

S. Haigh, Yorkshire v. Kent, 6 for 24.

ALLEGED MURDER AT WEST POINT.

The three men who were arrested on suspicion of being concerned in the death of a Chinaman, who it is alleged was pushed over the edge of a verandah, in Des Vaux Road West, one day last week, came before Mr Wood at the Magistrate's court this afternoon.

Inspector W. Robertson conducted the prosecution, assisted by Mr M. J. D. Stephens, and Mr Otto Kong Sing represented one of the prisoners.

Inspector Robertson asked that the prisoner, who was represented by Mr Otto Kong Sing, be discharged, as there was no evidence against him.

He was discharged by the Magistrate.

Dr J. Bell, of the Government Civil Hospital, was the first witness called. He said that on the evening of the 16th a Chinaman was brought to the hospital. He was unconscious and died almost immediately. He had numerous injuries.

Other witnesses testified to deceased's movements on his arrival from Canton, and going to the house of the prisoners to renew a mortgage deed. The first prisoner asked deceased to go to No 215 Des Vaux Road West, where he would borrow \$300. They then went upstairs, and after half an hour had elapsed deceased and a stranger came down again and the stranger spoke to one of the witnesses who was standing at the bottom of the stairs. The deceased and the stranger went upstairs again and about ten minutes later deceased fell from the verandah on the third floor, knocking up against some bamboo poles which were on the second floor. Prisoners were then arrested.

The case was adjourned.

THE NEW S. S. HAN PING.

OFFICIAL TRIAL TRIP.

A new steamer, two hundred and fifteen feet in length, thirty-six feet broad, with a depth of thirteen feet six inches, the largest so far built by Messrs W. Bailey and Co. and probably the biggest vessel ever built at Hongkong, with a displacement of 1,500 tons, and a two inch stroke, compound surface condensing engines of 1432 horse power, working up to 140 lbs to the square inch, producing a speed of over nine knots per hour, such is the s.s. Han Ping, which underwent a most successful official trial trip over the Admiralty course on Saturday afternoon.

The Han Ping is a twin screw steamer, constructed to the Board of Trade rules, and takes a draft of ten feet six inches. The engines are situated aft, the boiler being 15 feet long with a diameter of 11 ft. The arrangement of the engines gives ample space for the rapid and easy loading and unloading of the cargo, for which she was particularly designed by Mr Wong Kwong, namely heavy steel plates, and she will carry a weight of close on 1,000 tons. Two immense derricks, each capable of lifting fifteen tons, which the Han Ping carries, will be of the utmost service in this respect. The crew will consist of some twenty-five officers and men.

The captain's and officers' quarters are situated on the bridge, while on the deck immediately below are the staterooms, dining room, domestic office, and bath-room.

The Han Ping was built to the order of the Hang Yang Iron and Steel Company. She is also to carry a specially constructed steam launch, by the same designer and builders for river purposes at Hankow.

The official trial trip took place, as stated, on Saturday afternoon, over the Admiralty Course, and during the run over the measured mile both with and against the current the Han Ping successfully maintained a speed of over nine knots per hour, nine knots being the contract speed.

Some delay was occasioned in leaving the works on account of the anchor chains having got crossed on the bows, and in consequence the party did not return to Hongkong until after ten o'clock.

Amongst those present were Mr W. S. Bailey and Mr E. O. Murphy representing the builders, Mr Wong Kwong representing the Hang Yang Iron and Steel Works Company, Captain T. P. Hall, Captain Murray, Captain Crowe, Mr H. L. Fletcher, Lloyd's Surveyor, Mr N. S. Messes, Mr R. Hanson, Mr T. Ramsey, Captain Ingram, captain of the ship, Mr A. L. Sutton, Mr J. A. Ross and Mr Lindberg, Dr Ho Nai Chuen, Dr Au Sze Chan, Messrs Au Sze Chan, Ngan Hang Po, Ho Que Hou, Ho Pak Ki, Wan Ho Koon Fan, Ng Kai, Lo Yau Cheung, Chan Dai Cho, Ng Ching, and the clerical staff of Messrs Bailey's.

Upon the return to the works, the party assembled in the saloon of the steamer, where Mr Bailey formally announced the handing over the vessel to Mr Wong Kwong, the representative of the Hang Yang Iron and Steel Works Co.

Mr Bailey, who was received with applause, said that he had first of all to thank them for attending the trial trip of that steamer. He was sorry that they had been kept so late as he was sure that on a Saturday night as well as other evenings, the Chinese gentlemen as well as the Europeans, had something better and more agreeable to do than attending the trial trip of a steamer. However, they would doubt be pleased to know that the vessel had attained the contract speed of nine knots per hour, and had been accepted by Mr Wong Kwong on behalf of the owners, the Hang Yang Iron and Steel Works Co.

He must say it was with some pride Mr Murphy and himself looked back upon the work of the ship and its satisfactory completion; after working under considerable difficulties. At the time when the order was placed with them, they had as their chief draughtsman, Mr Wong Kwong, who had certainly been a great factor in any success which they had made. Since they had started in business, some eight years ago, Mr Wong Kwong had been with them for over seven years of that period, and his leaving them to join the Hang Yang Iron and Steel Works Company had caused them considerable trouble both with that ship and with other work which they had in hand at the time. Last year, during which that vessel had been in the course of construction, was a record one for their firm. They turned out seventeen vessels—(applause)—which placed them so that they ranked fifth in the turn-out of vessels amongst the firms in Greater Britain. In addition to turning out the seventeen vessels, they had also several large contracts in hand for oil tank installation and other considerable work on shore. Throughout the progress of that work the disengagement of their draughting office by the departure of Mr Wong Kwong, in whom they had always the utmost confidence, and to whom they always depended and looked for support, was a very serious matter indeed to them, so that under the circumstances they might justly feel proud of having turned out the vessel which they saw that day. They had tried to do their very utmost, and had done their utmost to give entire satisfaction to the owners regardless of expense, and it was a great pleasure to meet them there that day and to hear the very complimentary remarks which had been made with regard to the workmanship and finish of the vessel. He hoped that that vessel would not be the last of the heavy ships which they would get to build. That vessel was the heaviest of her class, which had been built in the Colony. It was a twin screw lighter of

1,500 tons displacement with a cargo capacity of some 800 tons and he thought they might justly be proud of having satisfactorily completed a vessel of that size, and he also thought they would agree with him that the completion of such a vessel was an index to the development of China, especially when they considered that it had been practically designed by a Chinese gentleman, Mr Wong Kwong and built to the order of the Hang Yang Iron and Steel Works Company which was practically a Chinese concern. He had no doubt that with the development of China, they would have an ample field for progress in that direction, namely in lighters, tug boats and ships for the Canton and Delta and neighbourhood, many successful examples of which they had already turned out. He would not detain them longer but could not close without a word of praise to his good partner Mr Murphy, to whose unremitting attention and ability that vessel had been so satisfactorily completed, and he was sure they would join him in wishing soon to see the keel laid down of a much larger vessel for that very enterprising and well managed concern the Hang Yang Iron and Steel Works Company, and he would ask them to drink with him success to the good ship Han Ping coupled with the name of Mr Wong Kwong. (Applause.)

The toast was heartily received. Mr Wong Kwong, who had a good reception, said that at the conclusion of such a successful trial trip of the steamer Han Ping he had much pleasure in stating on behalf of the owners that the vessel had been constructed in an efficient manner, and he took that opportunity of tendering their congratulations to the builders, Messrs Bailey and Co. He believed that that vessel was the largest that had yet been built in Hongkong or in China, for classification at A 1 Lloyd's Register, and he very much appreciated the work which had been carried out by the builders to fulfil the requirements of the owners. That vessel was specially designed and constructed for giving facilities for the rapid loading and unloading of cargo and heavy machinery giving a clear space of over 90 feet so that there would be ample space for the large plates of steel which were turned out at the steel works. Throughout the construction of that vessel, Lloyd's surveyors, Messrs Lambert and Fletcher gave great care and attention to the work and the owners were under a great obligation to them. He asked them to rise and drink to the success of the builders, who, in addition to the construction of that vessel, had turned out a smart launch for their firm which they were going to put on that boat for use at Hankow. He coupled with the toast the name of Mr Murphy. (Applause.)

The toast was enthusiastically drunk. Mr Murphy thanked them for the remarks which had been made as regards the construction of the vessel. It had taken a long time to bring it to that stage, and he was sure they would be pleased that it was finished, as he knew the builders were. (Laughter and applause.) They sometimes grumbled because the owners wanted this and that, but there was nothing as keen as anyone else. The boat as it stood was a type which would be most useful for the purpose for which it was designed, and Mr Wong Kwong was the gentleman who had worked out the designs of that particular boat, and the launch which had been referred to, had also been designed by Mr Wong Kwong. That was a great improvement on the ordinary Hongkong launch. Its length was only 62 feet but it had the appearance of being 82 feet. It has also an amount of accommodation and averaged a speed of 10.8 knots per hour which was a quarter of a knot over the contract speed. He thanked them for coupling his name with the toast. (Applause.)

The toast was duly honoured. The party then left for Hongkong in launches.

The Han Ping is to be commanded by Captain G. Ingram, of Shanghai, a well known northern skipper. During the trial the steamer was under Captain Murray.

SPORTING.

Rifle Shooting.

A number of Volunteers, on arrival at King's Park Range yesterday morning, were astonished to find that no arrangements had been made for the shoot for the Crick Cup, Engineers Company, which was to have taken place. Captain Crick was present but there were no targets or markers available, and several members threatened to resign.

Lawn Bowls.

The weather was very fine on Saturday afternoon, when a lawn bowls match between the Police Bowling Club and the Civil Service Bowling Club was played at Happy Valley, and resulted in a win for the Civil Service by 94 to 74.

The scores are as follow:— Civil Service—No. 1 rink—R. Hudson, A. Carter, R. Duncan and J. A. Wheel (skip), 19. Police—No. 1 rink—P. C. Ogg, J. Quinn, Sgt. Pitt and Insp. Cameron (skip), 19.

Civil Service—No. 2 rink—E. W. Dawson, A. Blowey, A. M. Thornhill and L. E. Brett (skip), 31. Police—No. 2 rink—Sgt. Watt, Insp. Hanson, P. C. Glendinning and Insp. Ritchie (skip), 14.

Civil Service—No. 3 rink—W. H. Woolley, C. W. Brett, R. Fenton and M. McIver (skip), 9. Police—No. 3 rink—P. C. Bell, Sgt. Kent, P. C. McLennan, and Insp. Robertson (skip), 24.

Civil Service—No. 4 rink—A. G. Pile, P. R. Adams, C. Bond, and W. H. Kelly (skip), 35. Police—No. 4 rink—Insp. Langley, A. Hill, Insp. McHardy and Insp. Withers (skip), 13.

NORTH RIVER IN FLOOD.

Great Disasters Befal Inhabitants.

(From Our Correspondent.)

Information has reached here that great disasters brought about by the flood in the north river localities have befallen the inhabitants. River banks have been carried away by the waters and damage to property and life is reported to be extensive. Along Samshui and Tsing Yin, the lower districts are inundated. Many collapses of houses have occurred and numerous inhabitants have been rendered homeless. The local authorities here are approached for relief.

The Sin Hui Kuek has been instructed to despatch two steam launches to the vicinity to afford relief and has done so.

The reports about the miseries suffered by those whose houses have been carried away by the tide are thrilling.

The charitable institutions here have taken steps to give relief.

(From Our Correspondent.)

Reports from Patschau, Wuchow, Shunshui and places beyond state that the flood has, during the past two days, risen another two feet, while in Tsing Yin district, it is ten feet above the nominal level and as a consequence great damage has been done. It has rendered navigation most dangerous, the current being very strong.

Similar reports have come from Shaohek who city gate has been closed to prevent the city from being inundated.

AT WUCHOW.

One Hundred Persons Drowned.

(From Our Correspondent.)

Wuchow, June 19.

During the past two days the water has risen rapidly and most of the mulberry and paddy fields are several feet under water. Hastily improvised rafts are floating over the tops of what once were houses and walls. Above the town, the main river forms a continuous sheet of water nearly two miles broad. Perhaps the greatest distress has been caused by the Fu tributary which is also in flood and swollen to many times its usual size. Several houses have been washed away. I myself saw the remains of three swept by in less than ten minutes. The fact that many chairs and tables were to be seen among the debris is a proof that the flood came with such suddenness as to prevent the people living on the river bank from removing their property, therefore there have been considerable loss of life. I have reported place the number of deaths at about one hundred.

STRANGE REPORT FROM KOREA.

Nationalising Imperial Property.

A Seoul telegram to the "Mainichi" dated June 14 states that it has been decided that all the possessions of the Korean Imperial Household property shall be made national property. Believing that this means that the property of the Imperial Household is to be confiscated, the Court officials are in a state of panic, the connection being greater than any that has occurred since the disbandment of the Korean Army. They are said to be employing various means to make imitations to prevent the carrying out of the proposal. The panic is due to the fear on the part of a large number of officials who get a living under the pretext of protecting the property of the Imperial Household that they will lose their livelihood. The message adds that there is severe friction between the Prime Minister and the Home Minister, and that the former desired to make the Emperor-Father believe that the Home Minister was responsible for this action in regard to the property. At a Cabinet Council held on the 13th, the Prime Minister insisted that he should enjoy the privilege of appointing and dismissing as his own will one half of the local Governors. The Home Minister strongly objected to this proposal and Prince Ho refused to sanction it.

WEATHER REPORT.

The following notice is issued by Mr Figg of the Hongkong Observatory:— On the 21st at 6.15 p.m.—Depression E. of Formosa, probably moving northwards. On the 22nd at 11.35 a.m.—The barometer has fallen moderately over S.W. Japan, the Loochoos and the E. coast of China, and risen slightly over Formosa and the Philippines.

The depression, which is shallow, has moved northwards. It lies now between N. Formosa and the Loochoos. Another depression, which will probably move towards N.E., has appeared over the Yangtze valley.

Pressure remains high over the Pacific between E. Japan and the Bonins. It is still somewhat low over the N.W. part of the China Sea.

Moderate to fresh S. and S.W. winds may be expected in the Formosa Channel, and fresh S.E. winds along the Northern shores of the China Sea.

Hongkong Rainfall for the 24 hours ending at 10 a.m. to-day, 0.41 inches. Forecast for the 24 hours ending at noon to-morrow.

Forecast District: 1.—Hongkong and Neighbourhood: S.E. winds, fresh; squally showery. 2.—Formosa Channel: S. to S.W. winds, fresh.
